WORK EXPERIENCE

Internship | Lifechanger Ind

Full Stack Developer

Dec 2024 - Mar 2025

- Focused on full stack development using the **MERN** stack building responsive, user-friendly web applications
- Developed reusable **React** components and **RESTful APIs**, improving application performance and enhancing user experience.
- Collaborated with backend and frontend developers to integrate interfaces with databases and ensure seamless data flow.
- Applied React Hooks, Context API, and Express middleware for effective state and server-side management
- Contributed to responsive design implementation, ensuring cross-browser and device compatibility throughout the full stack

EDUCATION

St. John's College

Bachelor of Computer Science (BSC) - 8.0 CGPA

Jun 2019 - Mar 2023

St. Xavier's College

Master of Computer Applications (MCA) - 8.4 CGPA

Jun 2023 - Mar 2025

PROJECTS

Pallava - Clinic Management System

- Built a full-stack clinic management app using MERN stack and Tailwind CSS. Features include patient registration, appointment booking, and doctor management with responsive UI and secure RESTful APIs

EMS - Employee Management System

- Built a full-stack app with Java Spring Boot, React.js, and MySQL to manage employee data with basic CRUD operations and a responsive interface.

SKILLS

- **Frontend Technologies:** HTML5, CSS3, JavaScript (ES6+), React.js, TypeScript, Tailwind CSS
- **Backend Technologies:** Node.js, Express, Java, Spring Boot
- **Databases:** MongoDB, MySQL
- **Version Control:** Git, GitHub
- **Operating Systems:** Linux
- **Tools & Frameworks:** React Router, Redux, NPM, Webpack, Excel, Postman
- **UI/UX:** Familiar with basic principles of UI/UX design, wireframing tools
